

April 2022

Open for Business Fund

Wells Fargo's Open for Business Fund is a national small business recovery effort with a focus on racially and ethnically diverse small business owners who have been disproportionately affected by the pandemic. Through the Open for Business Fund, Wells Fargo has donated roughly \$420 million to enable nonprofits to deliver urgent capital and expertise to entrepreneurs, helping thousands of local businesses stay open, maintain jobs and plan for the future.

Congratulations to all of our Open for Business Fund grant recipients.* Together we can accelerate economic opportunities to help create a better future for all. To entrepreneurs, please note that some grantees may have already disbursed their Open for Business Fund grant, but we encourage you to explore these organizations for other options or expertise. For additional tips, visit our [Small Business Resource Center](#).
