Open for Business Fund Grant Recipients

Wells Fargo is donating roughly \$420 million to help small businesses impacted by COVID-19 keep their doors open, retain employees, and rebuild. Through the [Open for Business Fund](#), Wells Fargo is supporting Community Development Financial Institutions, or CDFIs, and nonprofits across the U.S. to provide much needed capital, technical support, and long-term resiliency programs for small businesses with a focus on women and diverse entrepreneurs as part of fostering an inclusive recovery.

Business owners can visit Wells Fargo's [Small Business Resource Center](#) for tips and resources and explore this list of Open for Business Fund grant recipients to find CDFIs and nonprofits helping entrepreneurs navigate through the pandemic. We will continue to award new grants throughout 2021 and encourage businesses to check back for updates.*
